Medusa Tray, Mini - Coffee

Product Description

The Medusa Tray, Mini - Coffee is inspired by the characteristic shapes of the Medusa Jellyfish, emphasising the soft oval shapes and details of the jellyfish. Elegantly sculpted, the Medusa is lifted slightly above the floor by a number of small conic shaped legs, reminiscing the tentacles of the jellyfish.

Medusa has a very elegant and simple expression and can easily be placed in any interior scheme as a sculptural object or practical tray and can be paired with the bigger Medusa Tray to create a layered, harmonious arrangement.

Designer Description

Tommy Hyldahl and Kristian Sofus Hansen intertwine their distinct sensibilities to create designs where storytelling, materiality, and timeless form meet in quiet harmony.

His process is one of layering histories, blending details and references from past design periods and reimagining them into something fresh and contemporary. Each collection unfolds as a narrative, evolving from concept to creation, with every element contributing to a greater story.

Medusa Tray, Mini - Coffee

Family Description Text

The Medusa Collection is born from the serene poetry of the jellyfish. With its soft, oval body and flowing tentacles, the creature drifts through the sea with effortless grace. This natural elegance finds new form in sculptural objects that bring the calm rhythm of the ocean into the home.

Both vase and tray carry the essence of Medusa. Their rounded silhouettes recall the gentle dome of the jellyfish, while the delicate conic feet beneath resemble its tentacles, lifting each piece lightly above the surface as though floating in water.

Refined yet understated, the Medusa Collection balances simplicity with presence. Each piece is more than a functional object; it is a quiet reminder of nature's ability to shape beauty in its purest form.

Color Description

Hand-painted in a deep, warm dark brown, this shade evokes the richness of earth and roasted beans. Its grounded elegance lends both warmth and depth, while brush stroke variations bring gentle shifts in tone and texture, making each piece entirely unique.

Maintenance Guide Description

Our hand-painted ceramic pieces are crafted as decorative objects, designed to age gracefully when cared for with gentleness.

The outer surface of our pieces is hand-painted and should be treated with the same reverence dust lightly with a soft, dry cloth, allowing the painted character to remain untouched. Water, harsh cleaners, or abrasives should never meet this surface, as they can disturb its delicate finish.

Vases are sealed within and may hold water for fresh flowers. Clean their interiors gently with lukewarm water, then dry carefully, taking care that no moisture touches the painted exterior.

To preserve their vibrancy, keep each piece away from prolonged sunlight and sudden shifts in temperature. With such mindful care, every ceramic piece will hold its artistry, warmth, and timeless presence for years to come.

Materials Description

Ceramic is one of the oldest and most enduring materials, celebrated for its strength, versatility, and timeless beauty. Shaped from natural clay and fired at high temperatures, it achieves a density and durability that make it ideal for both functional and decorative use. Its smooth surface provides the perfect canvas for craftsmanship.

Our ceramic is elevated through hand painting, where layers of pigment are carefully applied by skilled artisans. This process creates subtle variations in tone, texture, and detail, ensuring that no two pieces are ever alike. The result is a material that combines resilience with individuality practical enough for everyday use, yet refined enough to stand as an object of art.

Hand-painted ceramic embodies the harmony of nature, craft, and time: a surface that carries both the permanence of fired clay and the soulful presence of the human hand.
