DESCRIPTION

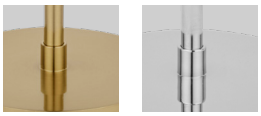

Bringing further flexibility to one of the most adaptable light designs of the 20th century, GUBI's new edition of Louis Weisdorf's sculptural and inventive Multi-Lite design reimagines the unique lamp in a portable format. Working in collaboration with the designer's family, GUBI has redeveloped every component of the Multi-Lite Table Lamp in a more compact design, integrated a USB-charging facility, and incorporated a three-level, touch-activated dimmer function. The signature ring around the lamp now does double duty as a handle, allowing the lightweight lamp to be easily carried around and outside the home – the ideal companion to outdoor events and alfresco evenings.
